

TOP OF THE WORLD
LOUNGE

A Villains Lair

Even the ruthless relax. Whether pursuing puppies or stealing souls, messing with a mermaid or belittling a beast, evil-doing is exhausting. And since a dishonest day's work is frowned upon by mainstream masses, the deliciously devious decompress away from judging eyes - hiding deep underground...or on top of the world. Swapping stories of sabotage and toasting with tales of terror, the unsavory unwind in places inaccessible to the innocent. So when our own Top of the World Lounge temporarily closed its doors atop Bay Lake Tower at Disney's Contemporary Resort, it didn't take long for the idle enclave to become a devils' playground. We're not sure how they got here (we can only guess by monorail), but we do know they were here. For when we returned to reopen this picturesque place to mingling Members, we found stuff left behind by these hustlers in a hurry. Curious couture from their wicked wardrobes. Artwork befitting their ghastly galleries and rebellious recipes for their cunning concoctions. That's when we did what so many great Cast Members have done before us. We gave the place a longer name. Welcome home to the Top of the World Lounge - A Villains Lair. Like the best Disney stories, it's a place of magic... with a touch of tragic.
